## You are involved in this!

The right to life is the basic human right from which all other rights evolve ... if you don't have life, you can't have rights. With this in mind, we are all involved with the struggle to maintain life and human dignity.

The question is - how can I be involved in this struggle and make a difference? How does my voice, my vote, and my opinion, stack up against the media noise?

The Pro-Life Forum is a day long event featuring the most informed voices of the pro-life movement. They have great news for you ... we are making a difference!

This forum will teach you the facts about the issues of abortion, euthanasia and other issues affecting human dignity. You will learn how to engage others about these issues with effective points and well thought-out answers to hard questions. You will learn how the media clouds these issues, how the internet is used to advance our cause, and how you can make a difference in your church, your workplace, and with your friends.

We have assembled a cross section of speakers to speak on topics of youth engagement, leadership, media, and the big picture across Canada.

You will have opportunities to network with other people and organizations in Sudbury who participate in the pro-life movement. You can ask questions of our speakers and seek advice.

Lunch and coffee are included as part of your registration fee, and you will receive a Conference package.

This is a rare opportunity to meet some of the brightest and bravest minds of our generation ... don't pass this up ... you can make a difference.
