Dear 2020 Life Chain Committee,

This letter is to endorse participation in the 2021 Life Chain.

In its 31st year in Canada, the many Catholics and others who have participated in Life Chain have been a vital public witness to the sanctity of life. Always in a spirit of charity and respect, you have shown an exceptional counter-cultural tenacity in upholding the most basic human right. You have risen to the challenge of continuing this Life Chain amidst the changes and new requirements to keep everyone safe and to maintain the dignity all those participating and being witnessed to.

I encourage your efforts as witnesses to the sanctity of human life from the moment of conception to natural death and pray for much fruit from your visible presence to Canadian society this October 3 from 2 to 3PM.

Sincerely yours in Christ,

✠ Marcel Damphousse
Archbishop of Ottawa-Cornwall
