WHAT SECTION OF THE POLICY DECLARATION / PARTY CONSTITUTION DOES YOUR PROPOSAL PERTAIN TO?

Section M, Criminal Justice, amending article #103, entitled "Child Protection" which reads: "The Conservative Party supports the protection of children through the elimination of all defences that are used to justify the possession of child pornography. We will oppose any effort to lower the age of protection below 16 years of age."

STATE YOUR POLICY RESOLUTION.

Add this paragraph:

"We support a Born Alive Infant Protection Act to reinforce in law, full legal and human rights for children born alive after an induced abortion, including the right to life-saving medical treatment or neo-natal intensive care."

STATE YOUR RATIONALE.

1. Statistics Canada reported that 182 babies died after they were born alive following late-term abortions in 2013-14, a 16 percent increase over 2011-12.   **2.** A Quebec study of post-abortive infant deaths indicated that 216 babies died in the Quebec's hospitals and clinics after surviving botched abortions, between the years 2000 to 2012. The study's authors expressed concern about whether these children received proper medical care.
3. Subsection 223(1) of the Criminal Code states that a child becomes a human being "at the moment of complete birth", which means these abortion survivors deserve full legal rights and medical care.
