WHAT SECTION OF THE POLICY DECLARATION / PARTY CONSTITUTION DOES YOUR PROPOSAL PERTAIN TO?

Part E, Fiscal, amending article #22, entitled "Supporting Families" which reads in part: "The Conservative Party recognizes the need to support families and children. We believe that Canada's decreasing birthrate needs to be addressed by reducing the barriers facing those wishing to start and grow their families, thus ensuring the well-being and long-term sustainability of our communities. We support tax fairness for families by eliminating inequities between single and dual...."

STATE YOUR POLICY RESOLUTION.

Add new paragraph to article 22, after the third paragraph:

"We support government programs to promote the choice of adoption over abortion, and to remove the stigma of adoption so that more young mothers in crisis pregnancy choose to make an adoption plan. This will help reverse Canada's birthrate problem."

STATE YOUR RATIONALE.

Decreasing Canada's 100,000+ annual abortion rate would help reduce our fiscally unsustainable dependence on immigration by increasing our 1.6 (below replacement) birthrate. Example: A Canadian-born child who starts working at age 20, retires at 65, and dies at 85, pays taxes for 45 years and consumes benefits for 20. He/she paid taxes towards social programs for 25 years longer than they consumed benefits. That's sustainable. An immigrant who starts work at 50, retires at 65, and dies at 85, paid taxes for 15 years and consumed benefits for 20. He/she consumed expensive benefits for 5 years longer than they contributed.
